

**Highway 54, Callaway County
Route FF/Old Highway 40 and
US 54 Improvements
Community Briefing
August 20, 2013**

Welcome!

The purpose of today's meeting is to help you learn more about the proposed project to improve the intersection at Route FF/Old Highway 40 and US 54. Also included in the project is the construction of a new roadway to the North Callaway School in Callaway County.

The project involves adding a traffic signal and turn lanes at the intersection of Route FF/Old Highway 40 and US 54. A new roadway will be constructed to the east of US 54 that connects County Road 148 to Old Highway 40. The existing connection of County Road 148 to US 54 will be removed. An acceleration lane will be constructed just north of the existing US 54/County Road 48 connection to allow eastbound traffic onto US 54 from the county road.

The project is scheduled to begin in May of 2014 and should be completed prior to the 2014-15 school year.

This is an open-house community briefing. MoDOT employees are here to assist you and explain various aspects of the proposed project.

As you move through the displays, please share your questions and comments with us. Your input is very important.
